Above the wainscoting, the walls were Sheetrock, unlike the plaster elsewhere in the apartment. On one of them, Enoch Cain had scrawled Bartholomew three times..At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred..By Thursday, the eruption passed from him. Because he'd had the self-control not to claw his face or hands, he was presentable enough to venture out into the city; although if people in the streets could have Seen the weeping scabs and inflamed scratches that tattooed his body and limbs, they would have fled with the grim certainty that the black.Edom and Jacob came to dinner with Agnes every evening. And though the past weighed heavily on them when they were under this roof, without fail they stayed long enough to wash the dishes before fleeing back to their apartments over the garage..Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said..Neighbors might not be home. And by the time he knocked, asked to use the phone, dialed ... Too great a waste of time..he was prepared to find Vanadium sitting at the pine table, enjoying- a cup of coffee. The kitchen was deserted..This claim wasn't true. His father, an unsuccessful artist and highly successful alcoholic, lived in Santa Monica, California. His mother, divorced when Junior was four, had been committed to an insane asylum twelve years ago. He rarely saw them. He hadn't told Naomi about them. Neither of his parents was a resume enhancer..During the drive, he alternated between great gales of delighted laughter and racking sobs wrought by pain and self-pity. The voodoo Baptist was dead, the curse broken with the death of he who had cast it. Yet Junior must endure this final devastating plague..Whether the cop was unhinged or not, Junior had nothing to gain by talking to him, especially in this disorienting darkness. He was exhausted, achy, with a sore throat, and he couldn't trust himself to be as."I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?"."Possible complications include cerebral hemorrhage, pulmonary edema, kidney failure, necrosis of the liver, coma-to name a few..".No. It's, stopped. The thing now is to prevent a recurrence of the emesis, which could trigger more bleeding. He's getting antinausea medication and replacement electrolytes intravenously, and we've applied ice bags to his midsection to reduce the chance of further abdominal-muscle spasms and to help control inflammation..".Lying on his side in bed, clothed and shod, knees drawn up, arms folded across his chest, hands pressed under his chin, like a precocious fetus dressed and waiting for birth, Junior tried to recall the chain of logic that had led to this long and difficult pursuit of Bartholomew. That chain led three years into the past, however, which to Junior was an eternity, and not all the links were still in place..The galerieur's icy demeanor thawed marginally at this proof of taste and financial resources. He either smiled or grimaced at a vague but unpleasant smell-hard to tell which-and identified himself as the owner, Maxim Coquin..AGNES ALWAYS ENJOYED Christmas Eve dinner with Edom and Jacob, because even they tempered their pessimism on this night of nights. Whether the season touched their hearts or they wanted even more than usual to please their sister, she didn't know. If gentle Edom spoke of killer tornadoes or if dear Jacob was reminded of massive explosions, each dwelt not on horrible death, as usual, but on feats of courage in the midst of dire catastrophe, recounting astonishing rescues and miraculous escapes..The night that followed might as well have been a night in Hell, though a hell in which Satan provided an electrolytically balanced beverage..People were at the car windows, struggling to open the buckled doors, but Agnes refused to acknowledge them..".You feel remorse, though," said Agnes. "I can see you do. And not just because of what happened to your hands..".Well, actually, I owe Phimie. It's what she said between her two deaths on the delivery table that's changed my life..".He didn't rely on sounds to help him find his way, though here and there one served as a marker of his progress. Twelve paces from his room, a floorboard squeaked almost inaudibly under the hallway carpet, which told him that he was seventeen paces from the head of the stairs. He didn't need that muffled creak to know exactly where he was, but it always reassured him..Junior discovered more tears than could have been found in ten thousand onions. His wife and his unborn baby. He had been willing to sacrifice his beloved Naomi, but maybe he would have found the cost too high if he had known that he was also sacrificing his first-conceived child. This was too much. He was bereft..Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers"-the girl had become the third member years ago" and all truths will be told and secrets known. ".The reverend said, "I'm sure you underestimate my parishioners, Celestina. They won't be scandalized. They'll open their hearts..".Regardless of her other successes or failures as a parent, Agnes intended to make certain that Barty never lacked hope, that meaning and purpose flowed through the boy as constantly as blood..".She's got preeclampsia. It's a condition that occurs in about five percent of pregnancies, virtually always after the twenty-fourth week, and usually it can be treated successfully. But I'm not going to sugarcoat this, Celestina. In her case, it's more serious. She hasn't been seeing a doctor, no prenatal care, and here she is in the middle of her thirtieth week, about ten days from delivery..".Celestina extended her left hand, which shook so badly that she nearly knocked over both their wineglasses. "I will..".I find you more than adequate in all ways that count. Besides, Joey was a generous and good lover. What he taught me, I can share." She smiled.

"You'll find that I'm a darn good teacher, and I sense in you a star pupil." Eventually Agnes came to suspect that for all the pleasure the boy took in math and for all his aptitude with numbers, his greatest gift and his deepest passion lay elsewhere. He was finding his way toward a destiny both more astonishing and stranger than the lives of any of the many prodigies about whom she'd read. In the main room, on his way toward the front door, Junior saw Celestina White surrounded by adoring fatheads, nattering ninnies, dithering dolts, saps and boneheads, oafs and gawks and simpletons. She was still as gorgeous as her shamelessly beautiful paintings. If the opportunity arose, Junior would have more use for her than for her so called art. The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone. "Oh, sure, I know," Mary said. "But when it's a bad place, you feel it before you go in. So you just go around to the next place that isn't bad. No big deal." "Maybe he's a character I saw in a movie or read in a novel. I'm a member of the Book-of-the-Month Club. I'm always reading one thing or another. I don't remember a character named B-Bartholomew, but maybe I read the book years ago." For the past two days, Junior had eaten only binding foods, and late this afternoon, he had taken a preventive dose of paregoric, as well. This declaration was received seriously by Edom and Jacob, as if the devil often strolled the streets of Bright Beach and from time had been known to snatch little babies from their mothers' and eat them with mustard. "Evidence suggests Vanadium killed a woman here, a nurse at the hospital. Lover's quarrel, perhaps. He set her house on fire with her body in it, to cover his tracks, but he must have realized they would still finger him, so he lit out." As his drying tears became stiff on his cheeks, Junior decided that he would most likely have to kill Vanadium to be rid of him and fully safe. No problem. And in spite of his exquisite sensitivity, he was convinced that wasting the detective would not trigger in him another bout of vomiting. If anything, he might pee his pants in sheer delight. After moving all of a hundred feet, Celestina and Wally-with Grace fretting that someone would be hurt-had torn down the high stave fence between properties, for theirs had become one family with many names: Lampion, White, Lipscomb, Isaacson. When backyards were joined and a connecting walkway poured, Barty's travels from house to house were greatly simplified, and regular visits by the Gonzalez, Damascus, and Vanadium branches of the clan were also facilitated. In the physician's eyes, a yearning to believe. In his face, a squint of skepticism. He was focused enough, in fact, to find Bob Chicane, kill the insulting bastard and get away with it. Barty set one other rule: "Without dying first ... and you have to be sure you can get back." of fists, hard blows, and his father's heavy breathing as he deals out the punishment. Edom himself lies face down in. Barty, didn't watch much television. He'd been up late enough to see Red Skelton only a few times, but that comedian always drew gales of laughter from him. Although Celestina felt a little paranoid, being so security-minded in this safe neighborhood, nevertheless she searched, out the master control button and engaged the power locks. Impressed by the sureness and swiftness with which the blind boy negotiated the steps and set off across the lawn, Tom didn't initially notice anything unusual about his stroll through the deluge. Dr. Leland Daines, Celestina's internist, arrived directly from dinner at the Ritz-Carlton. Although Dairies had receding white hair and a seamed face, time had been kind enough to make him look not so much old as dignified. Long in practice, he was nevertheless free of arrogance, soft-spoken and with a bottomless supply of patience. Up flew his hands, as white as doves, flapping as though trying to escape from the sleeves of his raincoat, as if he were a magician rather than a musician. As a young man, he had performed first in nightclubs catering to Negroes and in theaters like Harlem's Apollo. During World War II, he'd been part of a USO troupe entertaining soldiers throughout the Pacific, later in North Africa, and following D-Day, in Europe. Along the hall to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar. altogether by taking slow deep breaths, slow deep breaths, and by remembering that each of us has a right to be happy, to be fulfilled, to be free of fear. They were childless. It had to be that way. Truthfully, Paul felt no regrets about missing out on fatherhood. Because they were a family of two, they were closer than they might have been if fate bad made children possible, and he treasured their relationship. She thought all that, but she closed her eyes and said: "I'll be okay. Give me a second here, all right?" On hearing of Bartholomew's-and/or Celestina's-death, Neddy would be on the phone to the police, pointing them toward Junior, in twelve seconds. Maybe fourteen. Through tears, that night, she asked him if the commitment he was making didn't frighten him. Ordinarily, she would have returned to the first of the candles and offered a second fragment to Saint Peter. In this case, however, she entrusted it to the least known of the apostles, because she was sure that he must have special significance in this matter. The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep. Nolly sighed. "Well, I guess if you were going to just plug him, you could've done that already, soon as you got to town." The high point of his day was coming home to Perri. They met when they were thirteen, married at twenty-two. In May they would celebrate their twenty-third anniversary. Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature." than the crows. Tumbled on the grass, in fragments: the broken trophy for the prize rose, the symbol of his sinful. Then Junior saw the blood on the right cuff of Vanadium's shirt. Blood dripping from his hand, too. Having shuffled all four stacks of cards, Jacob cut two decks and shuffled the halves together, controlling them exactly as he had controlled them on Friday evening. Then the other two halves. The white padded eye patches rebuffed her, and she realized how profoundly the boy's double enucleation would affect how easily she could read his moods and know his mind. Here was a littler loss until now shadowed by the greater destruction. Denied the evidence of his eyes, she would need to be better at noting and interpreting nuances of his body language-also changed by blindness-and his voice, for there would be no soul revealed by hand-painted, plastic implants. Everything was proceeding precisely as Junior had envisioned in the instant when Naomi had first discovered the rotten section of railing and had nearly fallen without assistance. The entire plan had come to him, wholly formed, in a blink, and during the following two circuits of the observation deck, he had mulled it over, seeking flaws but finding none. At Thanksgiving dinner, again at the three tables set end to end, in the year of the triple zero, Mary Lampion, now fourteen years old, made an interesting announcement over the pumpkin pie. In her travels where none but she could go, after seven fascinating years of exploring a fraction of all the infinite worlds, she said she sensed beyond doubt that, as Barty's mother had told him on her deathbed, there is one special place beyond all the ways things are, one shining place. Unerringly, in the darkness, he found her face with both hands. Smoothed her brow. Traced her eyes with fingertips. Her nose, her lips. Her cheeks. "I've already told them," Joey said, wheeling away from her and yanking open the door of the foyer closet with such force that she thought he would tear it off its hinges. "Poker." Keeping his hands high, like a penitent confessing sin at a revival meeting and asking God to wash him clean, Obadiah said, "My specialty was close-up magic. Oh, I pulled a rabbit out of a hat more than once, silk scarves from thin air, doves from silk scarves. But close was my love. Coins, but

mostly ... cards." "Search me. But I didn't tell him different. The less he knows, the better. I can't figure his motivation, but if you were tracking this guy by his spoor, you'd want to look for the imprint of cloven hooves." He might suspect, but he couldn't know. He would but would be left with at least a shred of doubt about Junior's. Caesar Zedd teaches that every experience in our lives, unto the smallest moment and simplest act, is preserved in memory, including every witless conversation we've ever endured with the worst dullards we've met. For this reason, he wrote a book about why we must never suffer bores and fools and about how we can be rid of them, offering hundreds of strategies for scouring them from our lives, including homicide, which he claims to favor, though only tongue-in-cheek. Of firm but pliable rubber, custom-formed to his disfigured foot, a shoe insert filled the void left by his missing toe. This simple aid ensured that virtually all footwear was comfortable, and by November, Junior walked with no discernible limp. "If I ever have trots, you'll know." And then in the Cheese voice: "CAN WE LISTEN TO THE BOOK TALK IN YOUR ROOM?". Smiling in the fearless dark, she listened to the rhythmic breathing of a sleeping boy. The moment he had seen the building in which Nolly maintained an office-an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor-Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs-no elevator-at the end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes. Junior tipped his head back and gazed up toward the section of broken-out railing along the high observation deck. Junior was reminded of a scene in an old movie, something Naomi wanted to watch, a love story set during the Black Plague: a horse drawn cart rolling through the medieval streets of London or Paris, the driver ringing a hand bell and crying, "Bring out your dead, bring out your dead!" If contemporary San Francisco had provided such a convenient service, he wouldn't have had to toss Neddy Gnathic in the Dumpster in the first place. He loved Naomi, of course, and never could deny her. Although he had been especially sweet to her that night, if he had known that they would have less than a year together before fate tore her from him, he might have been even sweeter. On Friday evening, he had arranged for the drawing of the aces, but he had not stacked the subsequent twelve cards to provide for the selection of four identical knaves at three-card intervals. He'd sat in stunned
