So Neddy, a friend of

Celestina's, knew that Junior, reputed to be a vicious sadist, had attended this reception under a false name. If Junior really was a sleazy pervert of such rococo tastes that he would be shunned even by the scum of the world, even by the deranged mutant offspring of a self-breeding hermaphrodite, then surely he was capable of murder, too. "I'd give anything if it hadn't happened," he said earnestly. And now a tortured note wrung wet emotion from his voice "I only wish it had been me who died." The parsonage was a clean, respectable, and even charming house, but nothing about it might be called grand. No sweeping staircase offered a glamorous showcase adequate for Scarlett O'Hara. Instead, the stairs were enclosed, accessed by a door in one corner of the living room. Allowing one month for the job might be optimistic. On the other hand, he'd had a long time to perfect a strategy. Either operating on first-aid knowledge of his own or responding to an instruction from the medic, the cop slipped a foam pillow under Agnes's head. Downstairs, two shots cracked, and an instant after the second, an explosion shook the parsonage as though the long-promised Judgment were at hand. This was a real explosion, not the impact of another runaway Pontiac. Done with dolls for now, Barty and Angel went upstairs to his room, where the book that talked waited patiently in silence. With her colored pencils and a large pad of drawing paper, she clambered onto the cushioned window seat. Barty sat up in bed and switched on the tape player that stood on the nightstand. Before he taught himself to read books, he also taught himself numbers, and then how to read a clock. The significance of time had a more profound impact on him than Agnes could understand, perhaps because acquiring an awareness of the infinite nature of the universe and the finite nature of each human life-and fully understanding the implications of this knowledge-takes most of us till early adulthood if not later, whereas for Barty, the vast glories of the universe and the comparatively humble nature of human existence were recognized, contemplated, and absorbed in a matter of weeks. He was immensely weary, limp. He felt oppressed, as though a great weight were piled on him. Even keeping his eyes open was tiring. On this chilly January night, no campers or fishermen had staked claims along the lake. Because the trees were far enough back to be lost in the night, the immediate shore and the pooled blackness that it encircled appeared as desolate as any landscape on a world without an atmosphere. "Guilt," said the detective. "If he killed her, wouldn't an overwhelming sense of guilt be as likely as anguish to cause acute nervous emesis?". The middle finger on his right hand throbbed under the pair of Band-Aids. He'd sliced it earlier, while using the electric sharpener to prepare his knives, and the wound had been aggravated when he'd had to strangle Neddy Gnathic. He would never have cut himself in the first place if there had been no need to be well-armed and ready for Bartholomew and his guardians. Although Junior had not answered, Vanadium said, "Yes, I thought you heard it." Using all its powers of concentration, which were formidable, Junior sought to silence the phantom Chicane. At first, the voice steadily faded, but soon it grew louder again, and more insistent. Smiling in the fearless dark, she listened to the rhythmic breathing of a sleeping boy. Three minutes by car, maybe two without stop signs. He could just about run it as fast as drive it. He had a bit of a gut on him. He wasn't the man he used to be. Ironically, however, after the coma and the rehab, he wasn't as heavy as he had been before Cain sunk him in Quarry Lake. "Miss White," he continued, still facing the window, "not long before you arrived in surgery this morning, your sister died on the table. We hadn't delivered the baby yet, and perhaps couldn't have done so, by cesarean, in time to prevent brain damage, so for both the sake of the mother and child, heroic efforts were made to bring Phimie back and ensure continued circulation to the fetus until we could extract it." The blessing of Nellie's silence lasted only until Hanna, cursed with speech if not with sufficient strength to stand, said, "We tried to reach you, Mr. Damascus, but you'd already left the pharmacy." "I'm wondering," Nolly said, "if you're not an officer of the law anymore, in what capacity are you going to pursue Cain?". "I know how to build boats, how to sail boats." In her arms, little Barty burbled contentedly, unaware that his destiny supposedly included epic love, fabulous riches, and violence. Frowning, Angel studied the tasty strip of meat pinched between her fingers, reevaluating everything she thought she knew about the source of bacon. To Dr. Parkhurst, Vanadium said, "In my work, I see lots of people who've just lost loved ones. None of them has ever puked like Vesuvius." As though frightened of the gentle certainty in Celestina's eyes, the doctor turned away from he, and toward the window once more. Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth-telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable. One nurse and one nun brought Celestina into the creche behind the viewing window. than the crows. Tumbled on the grass, in fragments: the broken trophy for the prize rose, the symbol of his sinful. Instead, he focused on the hand in the flashlight beam: four long, thin, chalk-white digits bent to the heel; thumb thrust up stiffly, as though Neddy hoped to hitchhike out of the Dumpster, out of death, and back to his piano in the cocktail lounge on Nob Hill.
