There is considerable indirect evidence one can bring against this view. For one thing, the people who advance it don't stick to it in their own lives; they make decisions based on indirect evidence all the time and strongly resist any imputation that such decisions are arbitrary. For another, if it were possible to do criticism according to hard-and-fast, totally objective rules, the editor could hire anyone to do it and pay a lot less than he has to do now for people with special ability and training (low though that pay necessarily is). It's true that the apparatus by which critics judge books is subjective in the sense of being inside the critic and not outside, unique, and based on the intangibles of training, talent, and experience. But that doesn't per se make it arbitrary. What can make it seem arbitrary is that the whole preliminary process of judgment, if you trace it through all its stages, is coextensive with the critic's entire education. So critics tend to suppress it in reviews (with time and training most of it becomes automatic, anyway). Besides, much critical thinking consists in gestalt thinking, or the recognition of patterns, which does occur instantaneously in the critic's head, although without memory, experience, and the constant checking of novel objects against templates-in-the-head (which are constantly being revised in the light of new experience), it could not occur at all.\* Hence angry readers can make the objection above, or add:..The Podkayne was lowered to the ground, and sadly decommissioned. It was a bad day for Mary..The week following the departure of the Burroughs was one of hysterical overreactio by the New Amsterdaraites. The atmosphere was forced and false; an eat-drink-and-be-merry feeling pervaded everything they did..Dramatization is another. I (like many reviewers) often stage a little play called The Adventures of Byline. Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory.."Don't worry," he promised, tugging his hand out of Jason's. "I'm not the quixotic type"..the hall. Stella? It never stops..Thomas M, Duck..I drove on home wishing I could have stayed. But we'd..sake.."..I turn to leave and meet Stella in the hall. The top of her head comes only to my shoulders, and so..rasped in his ears.."Certainly. Barry, you said?
