But that had been Earth-style respect. He was beginning to feel that perhaps he was learning the true meaning of the word for the first time. True respect could only be earned; it couldn't be extorted. A real leader led by the willingness of his followers, in the way that the people at the fusion complex followed Kath or Adam's children followed him, not by command. "For over three centuries we've been struggling to reconcile old ideas about the distribution of wealth with the new impact of high technology. In the latter case there were three possible permutations of every two-plus-one combination, which yielded the three color charges carried by quarks.
