She went straight up to the doorstep, bent over the heap, and laid her hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter, who mistook the signs and piped up, "Speed the work!" "There are good men there," he said. "Great and wise the Archmage certainly was. But he's gone. And the Masters . . . Some hold aloof, following arcane knowledge, seeking ever more patterns, ever more names, but using their knowledge for nothing. Others hide their ambition under the grey cloak of wisdom. Roke is no longer where power is in Earthsea. That's the Court in Havnor, now. Roke lives on its great past, defended by a thousand spells against the present day. And inside those spell-walls, what is there? Quarrelling ambitions, fear of anything new, fear of young men who challenge the power of the old. And at the centre, nothing. An empty courtyard. The Archmage will never return." When he looked up and spoke it was with a hint of a melancholy smile. "All the mystery and wisdom of the Masters, when it's out in the daylight, doesn't amount to so much, you know. Tricks of the trade - wonderful illusions. But people don't want to believe that. They want the mysteries, the illusions. Who can blame them? There's so little in most lives that's beautiful or worthy." Early never disregarded any triviality Hound mentioned, because so many of them had proved not to be trivial. He disliked the old man for that, and because he was unshakable. He never praised Hound, and used him as seldom as possible, but Hound was too useful not to use. Nothing happened, and he had time to regret the sunlight and the seawind, and to doubt the spell, and to doubt himself, before the earth rose up around him, dry, warm, and dark. He went slowly round to the eastern side of the hilltop, bright and warm already with the light of. He smiled again. "You're a beautiful woman," he said, but plainly, not in the flattering way he had used with her at first, before she showed him she hated it. "Why would you be a man?" He drew back, staring, and made a fierce motion of his hand that brushed away the stream in a me, from out of my chest -- came a shrill cry. In the early darkness of a winter day, a traveler stood at the windswept crossing of two paths. The young man, called Ivory, did not actually have his staff and cloak yet; he explained that he. He was in fact a town boy, born in Gont Port. He had said nothing about himself, but Dulse had. So little Diamond grew up in the finest house in Glade, a fat, bright-eyed baby, a ruddy, cheerful boy. He had a sweet singing voice, a true ear, and a love of music, so that his mother, Tuly, called him Songsparrow and Skylark, among other loving names, for she never really did like "Diamond." He trilled and caroled about the house; he knew any tune as soon as he heard it, and invented tunes when he heard none. His mother had the wisewoman Tangle teach him The Creation of Ea and The Deed of the Young King, and at Sunreturn when he was eleven years old he sang the Winter Carol for the Lord of the Western Land, who was visiting his domain in the hills above Glade. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond set in the lid, which seemed a kind and pretty gift to Diamond and his mother. But Golden was a bit impatient with the singing and the trinkets. "There are more important things for you to do, son," he said. One morning one of Alder's cowboys turned up in the front yard riding a horse and leading a saddled mule. "Master Alder says Master Otak can ride her, it being a ten-twelve miles out to the East Fields," the young man said. Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently. Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more. "Why are we wasting time here?" he demanded, as Tern let the bucket down into the well. Where he went then, the songs don't tell. They say only that he wandered, "he wandered long from land to land." If he went along the coast of the Great Isle, in many of those villages he might have found a midwife or a wise woman or a sorcerer who knew the sign of the Hand and would help him; but with Hound on his track, most likely he left Havnor as soon as he could, shipping as a crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea..the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (86 of 111) [2/5/2004 12:33:31 AM]. simply vanished -- and the thing took off with such force that it must have flattened him against. The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of golden wine made their appearance. He also worked up some very pretty fireworks for warm spring. "I was born in Havnor and trained as a shipwright and a sorcerer. I was on a ship bound from Geath to O Port. I was spared alone from drowning, last night, when a witchwind struck." He was silent then. The thought of the ship and the chained men in her swallowed his mind as the black sea had swallowed them. He gasped, as if coming up from drowning. "You ought to have your proper name day, your feast and dancing, like any young 'un," the witch said. "It's at daybreak a name should be given. And then there ought to be music and feasting and all. Not sneaking about at night and no one knowing..." There he was well received by King Thoreg, who, after the shattering loss of his fleet, was ready to call a truce and withdraw from the occupied Hardic islands if Maharion would seek no reprisal..and to doubt himself, before the earth rose up around him, dry, warm, and dark..troubled times, the boatwright and his family were anxious not to come to notice lest they come to. "They don't need a weatherworker on a night like this, and they haven't paid me yet," Medra said. Two long curves appeared on the Doorkeeper's cheeks, enclosing the slow upturn of his smile. The Changer's face remained stern, but he blinked, and after a little thought said, "I'm sure - yes - it was definitely the better plan to be honest. What Master did you speak of?" "They didn't punish him, but kept his wild powers bound with spells until they could make him. Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It looked back at him with a grin..there was nothing much to say about herself. "Magic won't die on Roke," said Veil. "On Roke all spells are strong. So said Ath himself. And you have walked under the trees... Our job must be to keep that strength. Hide it, yes. Hoard it, as a young dragon hoards up its fire. And share it. But only here. Pass it on, one to the next, here, where it's safe, and where the great robbers and killers would least look for it, since no one here is of any account. And one day the dragon will come into its strength. If it takes a thousand years..." Several times, all of a sudden, in the daytime, there had been a moment when she had known him. The care of pregnant beasts and women, birthing, teaching the songs and rites, the fertility and directions, not illuminated by a single spark..and he ceased to think of anything at all. They dumped him into a mule-cart like a sack of oats. "Then I'll carry the cheeses to Oraby," she said, "and sell em there. In the name of honor, brother, go wash out that cut, and change your shirt. You stink of the pothouse." And she went back into the house. "Oh, dear," she said, and burst into tears..I entered a mall. It was filled with displays. Tourist offices, sports shops, mannequins in. "Bringing them a student - yes. A student of great gifts!". him. Gelluk was powerful, masterful, strange, yet he had set him free. For the first time in weeks. "Yes," Irioth said. "I understand. You are a kind woman." She was talking about him, about his not knowing what he was doing. She was forgiving him. "A kind sister," he said. The words were so new to him, words he had never said or thought before, that he thought he had spoken them in the True Speech, which he must not speak. But she only shrugged, with a frowning smile. "You're singing," she said and lightly tugged at me. We walked among the tables and I.A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently pursuing the young man. The Doorkeeper waved his hand at it, and it avoided him. Irian swerved and ducked down frantically, but felt the cool fire tingle in her hair as it passed over her. The Doorkeeper looked round, and now his smile was wider. Though he said nothing, she felt he was aware of her, concerned for her. She stood up and followed him. "You're going to Roke to find out," he said, raising his glass to her. After a moment she raised hers and smiled at him, a smile so tender and radiant that he said spontaneously, "And may what you find be all you seek!"
