She wore only her shift, and he saw the infinitely delicate, tender rise of her breasts. He drew her to him again, but though she hugged him she drew away again, frowning.. "We are four against him," said the Patterner..He did not forgive his son. It would have made a happy ending, but he would not have it. To leave so, without a word, on his nameday night, to go off with the witch-girl, leaving all the honest work undone, to be a vagrant musician, a harper twanging and singing and grinning for pennies -- there was nothing but shame and pain and anger in it for Golden. So he had his tragedy..island of Enlad.. "Women can live chaste as well as men can," Dragonfly said bluntly. The witch touched the girl's hand, saying, "I take your name, child..The next day she said, "I'm going to sit under the trees." Not sure what was expected of him, he followed her at a distance till they came to the inmost part of the Grove where all the trees were of the same kind, nameless yet each with its own name. When she sat down on the soft leaf mold between the roots of a big old tree, he found himself a place not far away to sit; and as she watched and listened and was still, he watched and listened and was still. So they did for several days. Then one morning, in rebellious mood, he stayed by the stream while Ember walked into the Grove. She did not look back..The trouble rose up in Irioth's mind as it had not done since he came to the High Marsh. He struggled against it. A man of power had come to heal the cattle, another man of power. But a sorcerer, Alder had said. Not a wizard, not a mage. Only a curer, a cattle healer. I do not need to fear him. I do not need to fear his power. I do not need his power. I must see him, to be sure, to be certain. If he does what I do here there is no harm. We can work together. If I do what he does here. If he uses only sorcery and means no harm. As I do..the Master Chanter said I did harm by being here..".the tavern. A storm of praise ran through him.. "I'd always counted on your going into the family business," Golden said. His tone was neutral..must . . . ". "Well, this boy did learn at last to tame his anger and control his power. And a very great power it was. Whatever art he studied came easy to him, too easy, so that he despised illusion, and weatherworking, and even healing, because they held no fear, no challenge to him. He saw no virtue in himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the boy set his will on the great and dangerous art of summoning. And he studied with the Master of that art for a long time..cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after..feeling was agreeable. There must have been a number of people in the park: I heard whispers..consecutive stops. Nothing on the turns, either. People got off, got on. At the front stood a.. "Ah," said Diamond, floored. The Raft People of the far South West Reach retain the great annual celebrations, but little else of Archipelagan culture, having no commerce, no agriculture, and no knowledge of other peoples..The power of the Archmage of Roke was in many respects that of a king. Ambition, arrogance, and prejudice certainly influenced Halkel, the first Archmage, in creating his own authoritative title. Yet, restrained by the consistent teaching and practice of the school and the watchfulness of his colleagues, no subsequent archmage seriously misused his power to weaken others or aggrandize himself..the flames died down, and children cried, and women shouted curses after the eagle.. "A summoner grows used to bidding spirits and shadows to come at his will and go at his word. Maybe this man began to think, Who's to forbid me to do the same with the living? Why have I the power if I cannot use it? So he began to call the living to him, those at Roke whom he feared, thinking them rivals, those whose power he was jealous of. When they came to him he took their power from them for himself, leaving them silent. They couldn't say what had happened to them, what had become of their power. They didn't know..It grew darker quickly. A haze was coming

up from the south, blotting out the sky. Only above the haze, now by a nearly white one. That was all, that was how the city looked; I tried to find streets, was killed by treachery, it seemed that no good thing happened in the Archipelago. This time the Doorkeeper nodded. He smiled faintly and said, "So it would seem." "What form is he in?" and saw his love so clear, so close, that he reached out his hand to touch her. If he reached out. "I learned it really quickly," Diamond said. He stood silent in the doorway. She sat on the stone floor near the crucible, her thin body. maybe some rumor among the women of the Hand on Hosk sent him there. Pendor was a rich island. "You don't? Where, then?" And the boy must have a staff. Why had Nemmerle let him leave Roke without one, empty-handed as a prentice or a witch? Power like that shouldn't go wandering about unchannelled and unsignalled. "Failed? Sent away? Ran away?" Though like any power they could be perverted to evil use in the service of ambition (as was the Terrenon Stone in Osskil), the Old Powers were inherently sacral and pre-ethical. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them. sparkle. His family had praised him for the trick and made him show it off to visitors; and then. He knew he was no match for Early. To stop that first binding spell he had used all the strength of resistance he had. The illusion and the shape-change were all the tricks he had to play. If he faced the wizard again he would be destroyed. And Roke with him. Roke and its children, and Elehal his love, and Veil, Crow, Dory, all of them, the fountain in the white courtyard, the tree by the fountain. Only the Grove would stand. Only the green hill, silent, immovable. He heard Elehal say to him, Havnor lies between us. He heard her say, All the true powers, all the old powers, at root are one. "I can take her to those who can." Some people of great innate and trained power are able to find out the true name of another, or even to have it come to them unsought. Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones. claiming lands and cities as his property. The warlords made those they conquered slaves, and. "The Cavuta?" she corrected me. "It's. . . a sort of school, plasting; nothing great in itself." "Dirt's easier to keep clean," he said, knowing the struggle already lost. It was true that all you had to do with a good hard-packed clay floor was sweep it and now and then sprinkle it to keep the dust down. But it sounded silly all the same. "Change, change," said the Patterner. Transformation. "No. It isn't the High Art. It isn't the True Speech. A wizard mustn't soil his lips with common words. "Weak as women's magic, wicked as women's magic," you think I don't know what they say? So, why did you come back here?" widely ignored, it led in the long run to a profound, long-lasting loss of knowledge and power. "She's Irian of Westpool's mare. You're the wizard, then?" twitched a little. "Oh," she whispered, "there's your dad." "That indeed. My sister told me last night, she and Ennio and the carpenters have offered to build them a part of the House that will be all their own, or even a separate house, so they can keep themselves pure." Although Otter had not thought the words, Anieb spoke with his voice, the same weak, dull voice. She got to work scraping down the inner wall of the house, readying it to plaster. But before the. "It's not just beneath them --". "It's a custom," I said, at a loss. Actually, they had told me at Adapt to stop dressing in the. His head hurt again, and he whimpered and shivered, trying to draw himself together for warmth. There was no warmth and no light. locked in its muteness. "Books?" said a rush plaiter on North Sudidi. "Like that there?" He pointed to long strips of vellum that had been worked into the thatching of his house. "They good for something else?" Crow, staring up at the words visible here and there between the rushes in the eaves, began to tremble with rage. Tern hurried him back to the boat before he exploded. nursery, until driven back into the west by Ged. But the marauding dragons of the Lay and the. No. There had been a thunderclap, a while ago. This was not thunder. He had had this queer feeling. wings, a butterfly. He put out his finger and the butterfly lighted on it. He shook his finger and. know what it was. He told Birch that he had received a sending from his teacher on Roke, the Master Hand, and must. legs. He studied the ground where some crumbs of fresh dirt lay and the grass was bent. He stroked. By the time they were well into the bay and had let down the anchor it was dark, and Ivory said to the ship's master, "I'll go ashore in the morning." The heap moved, and roused up slowly. They saw it was the curer, just as he had been, no fires or shadows, though looking very ill. "Come on," Gift said, and got him on his feet, and walked slowly up the street with him. the words this night in his room in the barracks, he discerned another possible meaning in them. again next day for Wathort. The Windkey keeps the Roke-wind against all. If the king himself. "A hundred and twenty-seven. What about it?" wondered. These legends are best preserved in Hur-at-Hur, the easternmost of the Kargad Lands, where dragons have degenerated into animals without high intelligence. Yet it is in Hur-at-Hur that people keep the most vivid conviction of the original kinship of human and dragon kind. And with these tales of ancient times come stories of recent days about dragons who take human form, humans who take dragon form, beings who are in fact both human and dragon.
